

## **H.E. DR. SASA'S MESSAGE ON THE 59TH ANNIVERSARY OF 1962 MASSACRE OF PRO-FREEDOM, PRO- DEMOCRACY STUDENTS BY THE GENOCIDAL MILITARY JUNTA**

Today, the 7<sup>th</sup> of July marked the 59<sup>th</sup> anniversary of the massacre of the national student heroes who were brutally murdered by the cruel military junta led by murderer Ne Win. This is a day of mourning for the whole nation. We salute and will always remember the fallen heroes who sacrificed their lives for the cause of freedom from the brutal military junta. They died to bring peace and a federal democracy that, in the end, will prevail. The people of Myanmar have made it repeatedly clear that they will no longer tolerate military coups and cruel military dictatorships in Myanmar by sacrificing their lives, again and again at the hands of these cruel military dictators. Fifty nine long years of sacrificing the lives of the brave people of Myanmar have been too painful and too long for the people to tolerate any longer. From Ne Win to Min Aung Hlaing, the movement of peaceful protest against military rule has cost the lives of thousands of brave Myanmar people. These oppressive military regimes bring nothing but death and destruction to the people and country of Myanmar. Now today, once again, in this the 21<sup>st</sup> century, Min Aung Hlaing and his brutal military junta forces have murdered nearly 1,000 brave people of Myanmar who have once again sacrificed their precious lives for the cause of freedom and federal democracy. Over 6000 of our brave heroes have been illegally arrested and detained in military run concentration camps, and more than 2000 are evading illegal arrest warrants. 1.2 million Myanmar people have fled for their lives, and 6.4 million Myanmar people will be without food by the end October this year. Over 27 million Myanmar people will be living in extreme poverty within a year, compounded with the rapid resurgence of Covid-19. Under the failed military coup and regime, the economy is collapsing along with our health care, banks, education system and basic services. All this is truly the product of this genocidal military junta headed by Min Aung Hlaing. Our fallen heroes have made it crystal clear with their lives that we the people of Myanmar have no future with dictators, be it Ne Win, Than Shwe, Min Aung Hlaing or any other murderer. Therefore, no matter how long it takes, no matter how hard it becomes, we will never give up, and we will never surrender until these genocidal military dictators are defeated and eradicated once and for all from the precious soil of Myanmar. When we achieve a free and inclusive federal democratic union - the new future for all the people of Myanmar - the names of these national heroes will be lauded and respected by the nation and all generations to come. These national heroes have given their lives for the future of Myanmar where a place will be found for ALL regardless of race, religion, culture, ethnicity or background. The sacrifices they have made for us are not in vain, and today we are marching closer and closer to freedom and a federal democracy where lasting peace, prosperity and stability awaits us. Together, we are winning against the darkness, and the dawn of light will soon break upon the blood stained soil of the Golden Land. The dark blot of military control over the history of Myanmar will be forever replaced by the light of freedom, peace, self determination and democracy. Equality, respect, stability, equality intelligence and prosperity will take the place of smoking guns and the orders of murderous fools.

May God bless the united people of Myanmar!

**Sincerely,**  
**- H.E. Dr. Sasa -**
