

The Republic of Union of Myanmar

National Unity Government

Ministry of Health

Announcement (10/2021)

30th October 2021

1. Due to the terrorist military council's inhumane atrocities and ethnic cleansing activities in Thantlang, Chin State, more than 10,000 residents have been displaced from their homes and are having to find refuge in the hills.
2. Starting from the morning of 29th October 2021 the terrorist military council, not only started a campaign of raiding and misappropriating the deserted homes of the town's folks, bombarded the place with artillery fire and torched the place. By the morning of 30th October 2021, this has caused damage to a total of more than 160 buildings, properties and businesses including Christian Churches.
3. The Ministry of Health, National Unity Government strongly condemns the inhumane atrocities such as lootings, indiscriminate killings and torching of properties in the whole of Myanmar including Chin State, Kayah (Karenni) State, Sagaing Division and Magwe Division.

4. The Ministry of Health, National Unity Government is supporting and giving aid to the affected population in these areas in terms of medicines and medical aid and is proffering aid to the displaced people of Thantling as a priority.
5. We also strongly urge the international community that treasures human rights and human dignity including ASEAN and the UN to keep a watchful eye on the criminal activities and the inhumane atrocities of the terrorist military council and to take appropriate effective action without delay.
