Statement on Terrorist Acts by Forces of Terrorist Military Junta in Thantlang, Chin State

October 30, 2021

1. On October 29, 2021, the terrorist coup military's forces intentionally attacked and burned people's houses with heavy artilleries, and about 300 houses of Thantlang residents and religious buildings were destroyed.
2. Moreover, since February 1st coup, the terrorist SAC's forces have been committing numerous atrocities in Chin State such as burning people's homes, robbery and destroying public properties, unlawfully arresting, killing innocent civilians, and sexual assaults against women.
3. This is a serious warning to the terrorist military's forces to immediately stop all fascist and violent campaign against people of Chin State – such as air strikes, heavy artilleries on civilians' homes, targeting innocent civilians, using civilians as porters for the military purposes, and all genocidal acts.
4. Ministry of Home Affairs and Immigration stands committed to ensuring all those responsible in the fascist military to be held accountable for such atrocities under the Law, and will collaborate with the international community to take actions against the fascist military.
5. We urge that international community as well as both domestic and international organizations provide support to humanitarian needs of conflict-affected people of Chin State.

Sincerely,

Lwin Ko Latt

Union Minister
