Notification No 1/2022

(6th December 2022)

Proscription of Terrorist Groups

With the consent of the Union Government, and under the powers vested by section 6(c) and section 72(b) of the Counter-terrorism Law (Pyidaungsu Hluttaw Law 23/2014), the Central Committee for Counter-Terrorism hereby issues this notification:

1. It has been ascertained that Myanma Economic Holdings Limited and Myanmar Economic Corporation have been engaging in monopolistic business practices to generate substantial annual revenue for the terrorist group headed by Min Aung Hlaing so as to perpetuate their reign of terror.
2. It has also been further ascertained from financial statements of these entities that revenues are being disbursed primarily for the benefit of the top leadership of the terrorist military organisation while denying ordinary rank and file soldiers their fair share of the benefits.
3. Further, those revenues have enabled the terrorist military organisation to prosecute their war of terror against the people, mounting attacks and committing murder daily against innocent, defenceless civilians all over the country.
4. Myanma Economic Holdings Limited and Myanmar Economic Corporation are thus designated and proscribed as terrorist groups.
5. All assets belonging to those entities are hereby designated as 'assets of terrorist groups' under Section 3(d) and shall be seized and administered for public interest under Section 6(l) of the Counter-Terrorism Law.
